

## **US Federal Welcomes Bank Transfer Day Participants with \$50 Deposit**

BURNSVILLE – US Federal Credit Union will be taking part in the grassroots movement of “Bank Transfer Day”. On November 5<sup>th</sup>, individuals across the country will be making the switch from their big banks to credit unions.

Bank Transfer Day comes in response to banks charging fees for services and options that were once free. In addition to this push, individuals are also being pulled in by all that credit unions have to offer. Unlike banks, credit unions are member owned, which means people who use a credit union receive profits back in the form of higher interest rates on deposits, lower loan rates and fewer and lower fees. While maintaining a social purpose of people helping people, US Federal Credit Union is actively involved in the Greater Twin Cities Communities<sup>SM</sup> in which it serves.

“US Federal is excited to be a part of the grassroots movement and is looking forward and prepared for the additional traffic.” says Bob Stowell, VP of Operations at US Federal Credit Union. USFCU will have a special offer for those participating. Each new checking account opened on November 5<sup>th</sup> will receive a \$50 deposit as a welcome to US Federal. All USFCU branches will be open on Saturday, November 5<sup>th</sup> from 9 am – 1 pm. For branch location information, please visit the US Federal Credit Union website at [www.usfed.org](http://www.usfed.org) or call 1 800-345-2733 or (952) 736-5000.
